SUMMARY

Computer Systems Engineer and IPN Technical Graduate with hands-on experience in on-site IT support, hardware maintenance, and Active Directory user management. Proven expertise in diagnosing PC/printer issues, configuring network hardware (switches, antennas, cabling), executing data backups, and interpreting technical documentation in English.

WORK EXPERIENCE

Recorcholis **November 2022 – March 2024**

Help Desk Associate *Ecatepec de Morelos, MX*

- **On-Site Technical Support:** Provided technical support to end-users across corporate offices and retail branch locations, resolving hardware (PCs, laptops, printers) and software incidents.
- **Network Infrastructure Maintenance:** Assisted with the installation, troubleshooting, and daily monitoring of network hardware, including switches, wireless access points (antennas), and structured cabling.
- **Hardware Maintenance & Optimization:** Executed preventive and corrective maintenance schedules on workstations and peripherals to maximize uptime and extend equipment lifecycles.

EDUCATION

National Institute Polytechnic "ESCOM" **2023 – Present**

Computer Science *Zacatenco, Mexico City*

- Software & Hardware Development, Systems Modeling, Quality Standards & Compliance, Process Optimization.
- Applied basic sciences and engineering methodologies to solve complex computing problems; led collaborative team tasks with a focus on risk analysis and project planning.

National Institute Polytechnic "CECyT #3" **2019 – 2022**

Automotive Systems *Ecatepec de Morelos, MX*

- Utilized English technical manuals and diagnostic software to translate complex manufacturer specifications into actionable repairs.
- Repaired and aligned vehicle steering and suspension systems strictly following OEM specs and service manuals.

SKILLS

On-Site IT Support, Windows OS, Active Directory, Network Devices (Switches/WAPs), PC/Printer Maintenance, Backups, AutoCAD, Technical English, Customer Service, Logical Problem-Solving, Team Collaboration, Time Management, Workplace Organization, Adaptability..
